

POSTED SIGN ORDER FORM

Posted signs are 8" x 10" printed on .024 gauge, thick weather-resistant plastic. We recommend that the signs be spaced no more than 50 - 75 yards apart with extra signs posted at trail and road entrances to the land. Aluminum nails should be used when attaching signs to trees to prevent future injury to loggers and others. Packages will be sent via the US Mail. Please allow 2-4 weeks for delivery. AFOA Posted Signs are available only to AFOA members or hunters who lease land from AFOA members.
